

Mindy Munowitz DDS Family & Cosmetic Dentistry

[Dr. Mindy Munowitz](#)

Dr. Mindy Munowitz is located in West Chester, Ohio and serves the Greater Cincinnati Ohio area, providing family and cosmetic dentistry.

At Smiles Ohio, the practice of Dr. Mindy Munowitz, we create beautiful, healthy smiles through a holistic, patient-centered approach to dental care. Cosmetic, comprehensive dental care and Neuromuscular dentistry for TMJ are just a few of the services we offer our patients. Through the most state-of-the-art dental techniques, Dr. Munowitz brings smiles to life with expert application of veneers, bonding, implants, dentures, orthodontics, smile whitening, TMJ relief and much more!

We are also proud of our efforts to go green. We are one of only two dental offices in the greater Cincinnati area to have an amalgam separator that removes the mercury we extract from dental fillings, before water from our office joins the public waterways. It's just another way we are working to keep the area healthy and happy.
